

A DAWSON DOOR PRODUCT:

ULTRA NARROW STILE SERIES

CUSTOM CRAFTED OPTIONS & TECHNICAL SPECIFICATIONS

A PREMIER AMERICAN METAL FABRICATOR SINCE 1946

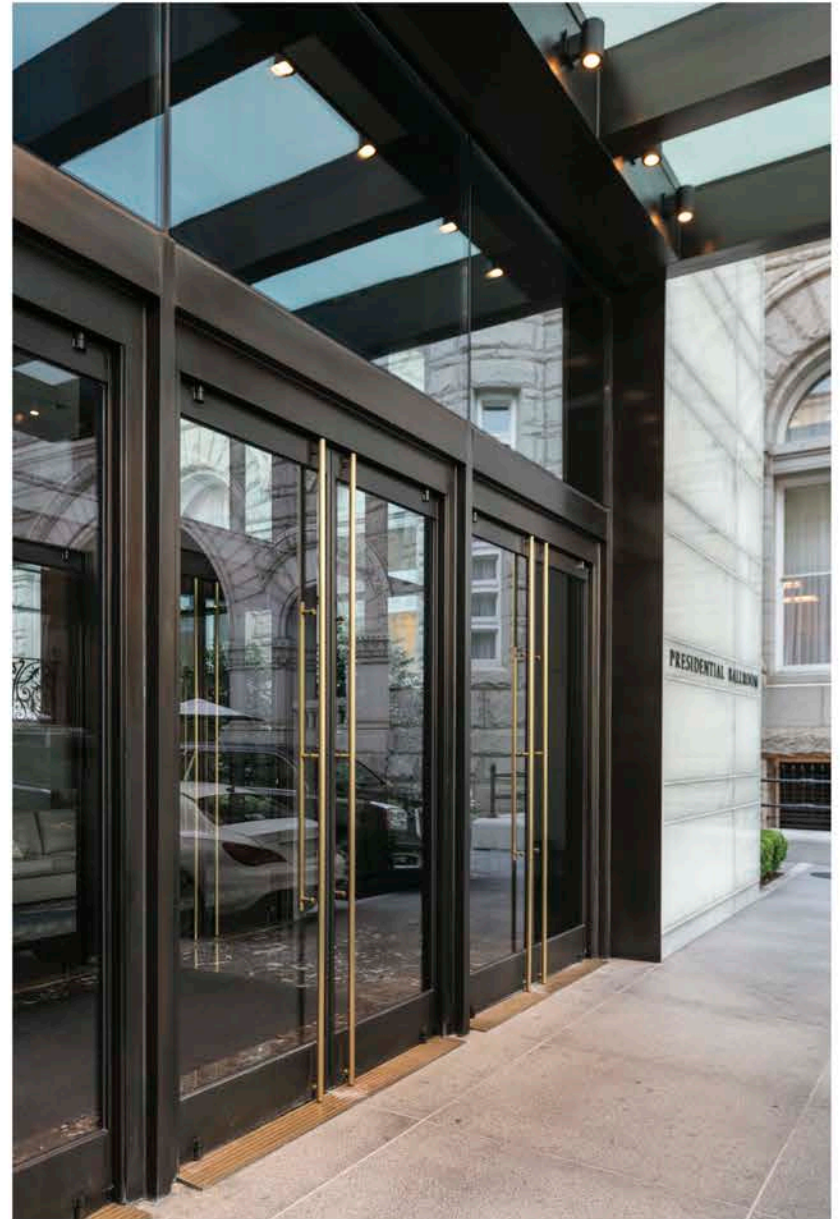

DAWSON

DOOR PRODUCT /

ULTRA NARROW STILE SERIES

Ultra Narrow Stile Doors, as appealing as the All Glass Doors, incorporate a very narrow vertical sightline, adding to the sophisticated glass door look. Doors are factory glazed with monolithic or laminated tempered glass. The aluminum stiles are clad with stainless steel or bronze and finished to match the top and bottom rails. This construction is available in either balanced or with standard center pivoted hardware. Each project is custom engineered to meet even the most demanding design specifications.

International Hotel - Presidential Ballroom, Washington, D.C., United States

KEY FEATURES

Discover the product features and technical specifications below to see if the Ultra Narrow Stile Series is the right fit for your next project.

CUSTOM OPTIONS

Choose between a Balanced or Center Hung configuration as well as material and finish options.

BEST-IN-CLASS DESIGN
