

A DAWSON DOOR PRODUCT:

DESIGNER SERIES

CUSTOM CRAFTED OPTIONS & TECHNICAL SPECIFICATIONS

A PREMIER AMERICAN METAL FABRICATOR SINCE 1946

DAWSON

DOOR PRODUCT /

DESIGNER SERIES

Designer Series Doors and Entrances reflect Dawson's finest craftsmanship, offering true stile and rail offset construction for a high quality alternative, commonly suited for historic replications, renovations, and restorations. Designer Series doors can be manufactured as balanced or standard swing, in stainless or brass, in a variety of finishes and feature applied glass stops at both the interior and exterior. Each project is custom engineered to meet even the most demanding design specifications.

Wildwood Parkway Office Bldg, Atlanta, GA

ADDITIONAL INFORMATION

Doors are fabricated with offset stile and rail construction with surface mounted glazing stops with removable stop at the interior and fixed at the exterior. There will be no surface welding on interior or exterior faces of door.

Available with Dawson balanced hardware and all swing door hardware applications.

Weather-strip pocket integrated into vertical stiles to allow for full height adjustable pile.

Adjustable weather-strip on top & bottom rails running the full width of the rail (or to greatest extent possible to avoid hardware interference).
