

A DAWSON DOOR PRODUCT:

STANDARD SERIES

CUSTOM CRAFTED OPTIONS & TECHNICAL SPECIFICATIONS

A PREMIER AMERICAN METAL FABRICATOR SINCE 1946

DAWSON

DOOR PRODUCT /

STANDARD SERIES

Laser cut from single sheets of material, our Standard Series doors create a truly seamless door face with no face welding. Brake formed glass stops are applied at both the interior and exterior of the door with no exposed fasteners, a feature only available at Dawson. Every Standard Series door is available with an array of options including crossrails, muntins, grilles, as well as custom shaped glazing stops. The all industry standard hardware can be incorporated to these doors due to the versatile design and custom engineering available by Dawson. All Standard Series doors and frames are available in painted finishes as well as most industry standard finishes.

40 East 72nd Street, Manhattan, NY, United States
