HAND SANITIZER STATION

Dawson knows a thing or two about quality metal products! Our heavy-duty and portable automatic hand sanitizer station will help protect your employees and customers while making a statement. This durable station has options! Choose from a standard powder coated black or a premium station customized with your logo/brand and powder coated with your preferred color. These are perfect for high-traffic areas such as entryways, walkways, and courtyards. Encourage hand hygiene with this attractive and prominent fixture!

KEY FEATURES

- 1 SANITIZER**
Buy bulk sanitizer from your preferred vendor as this automatic station is refillable with any solution.
- 2 BRANDING**
Choose from different branding options on our Premium Stations.
- 3 STEEL BASE**
Heavy-duty 8ga steel base to increase stability and prevent tipping.
- 4 SECURITY**
Use the (4) standard holes to mount casters or to tie down your unit for further stability.
