DAWSON

DOOR PRODUCT /

ALL GLASS SERIES

Full-width rails frame tempered glass for a flawless, unobstructed sightline.

All Glass doors by DAWSON create an open and inviting look to your entrance.

Glass is factory glazed with monolithic tempered clear glass.

Full-width top and bottom rails in either stainless steel, bronze, or painted and offer the perfect decor compliments to elevate any entrance.

The All-Glass configuration can be balanced or standard swing (center pivoted), and the top and bottom rails are available in a variety of finishes to match the surrounding entrance conditions.

Each project is custom engineered to meet even the most demanding design specifications.

MORE THAN JUST DOORS

Since 1946, DAWSON has been a world leader in sheet metal solutions for the architectural industry. From our first in class thresholds, to custom arched transoms & column covers, we can manufacture anything a project requires.

DAWSON combines decades of technique with the latest technology in order to produce for our customers.

With complex architectural projects, don't settle for limited options — when it comes to your design, DAWSON delivers.

The DAWSON Difference

CUSTOMER COLLABORATION

Dedicated DAWSON engineers enable you to design your entrances with the same style and function as your building.

SUPERIOR DESIGN

Seamless doors with laser-cut pans from single sheets of material. Adjustable balanced options with zero floor prep. Fully assembled doors and frames for quick, hassle-free installation.

LOWER COST

No dissimilar metal reaction costing extra maintenance. With more customization than anyone else, DAWSON can offer options to build your concept to your budget.

MULTIPLE DOOR TYPES & MATERIAL OPTIONS

Material shapes the look and feel of your entrance, which is why we offer more metal and finish options than anyone else. We build to your vision, not limitations.

INDUSTRIES SERVED

At DAWSON, our expertise in sheet metal fabrication and architectural craftsmanship spans across industries, delivering precision, innovation, and quality.

Whether for striking architectural entrances, durable industrial enclosures, or custom solutions for specialized applications, we collaborate with designers, engineers, and project leaders to achieve outstanding results.
