DOOR PRODUCT /

## STANDARD SERIES

### The DAWSON Standard.

Crafted with precision, DAWSON's Standard Series doors are expertly laser-cut from single sheets of high-quality material. This advanced process ensures an incredibly seamless door face, free from any visible face welding.

Brake-formed glass stops are applied at both the interior and exterior of the door with no exposed fasteners, a feature only available at DAWSON.

The Standard Series doors offer various options, including crossrails, muntins, grilles, and custom-shaped glazing stops. Thanks to DAWSON's versatile design and custom engineering, they can accommodate all industry-standard hardware and are available in Brass, Commercial Bronze, Stainless Steel, Kynar, and Powder Coated finishes.

The result is a flawless finish that elevates the design and durability of any space, all while offering exceptional performance. With DAWSON, you get beauty, functionality, and durability in every door we create.

## KEY FEATURES

### OUR QUALITY IS UNMATCHED

From concept to installation, our quality in service and manufacturing is the reason customers have chosen DAWSON for nearly 80 years.

### CUSTOM CONFIGURATIONS

Choose among several options - DAWSON Balanced, Offset Pivoted, Center Hung, Butt Hinges, or Continuous Hinged - as well as several material and finishing options.

### CUSTOM DESIGN

We provide complete project flexibility in size, material and look through our talented DAWSON engineers & laser capabilities.

### CUSTOM FINISHES

Get the look you want, whether retail, commercial, or residential.

### BEST IN-CLASS MANUFACTURING

Strong, durable and corrosion-resistant materials protect against all conditions.

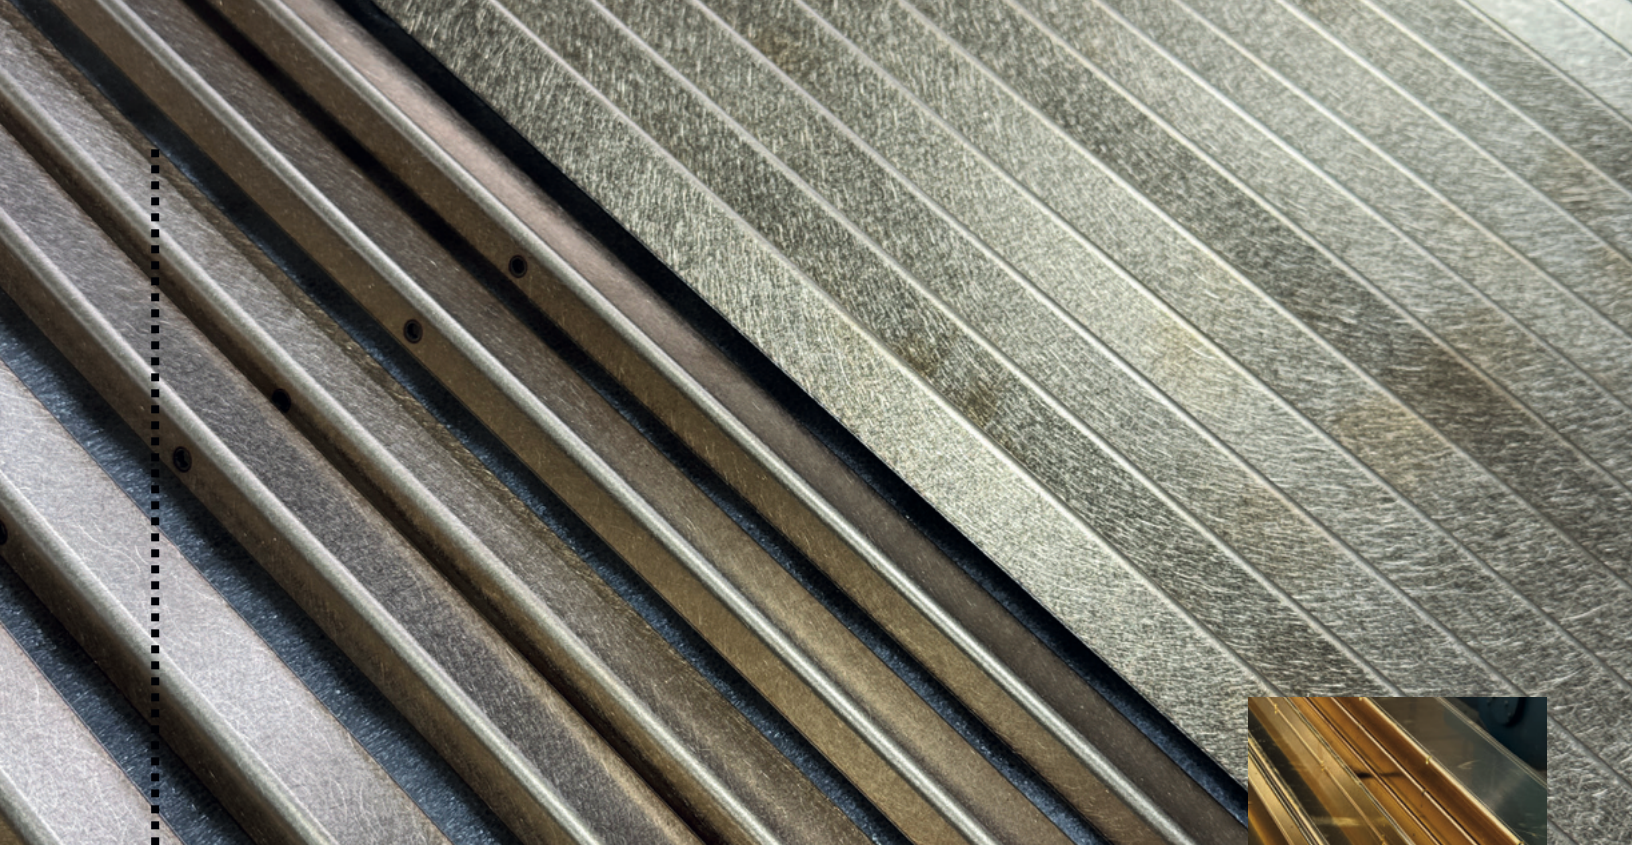

### WARRANTY UP TO 10 YEARS

Standing by its quality engineered products and advanced manufacturing processes, DAWSON's Standard Series ships with up to 10 years of warranty for balanced and 5 years for all others.

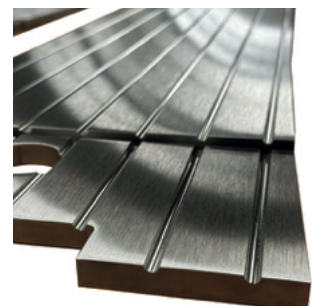

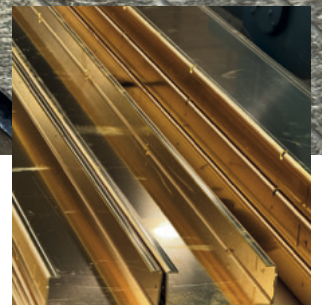

# MORE THAN JUST DOORS

Since 1946, DAWSON has been a world leader in sheet metal solutions for the architectural industry. From our first in class thresholds, to custom arched transoms & column covers, we can manufacture anything a project requires.

DAWSON combines decades of technique with the latest technology in order to produce for our customers.

With complex architectural projects, don't settle for limited options — when it comes to your design, DAWSON delivers.

# The DAWSON Difference

## CUSTOMER COLLABORATION

Dedicated DAWSON engineers enable you to design your entrances with the same style and function as your building.

## SUPERIOR DESIGN

Seamless doors with laser-cut pans from single sheets of material. Adjustable balanced options with zero floor prep. Fully assembled doors and frames for quick, hassle-free installation.

## LOWER COST

No dissimilar metal reaction costing extra maintenance. With more customization than anyone else, DAWSON can offer options to build your concept to your budget.

## MULTIPLE DOOR TYPES & MATERIAL OPTIONS

Material shapes the look and feel of your entrance, which is why we offer more metal and finish options than anyone else. We build to your vision, not limitations.

# INDUSTRIES SERVED

At DAWSON, our expertise in sheet metal fabrication and architectural craftsmanship spans across industries, delivering precision, innovation, and quality.

Whether for striking architectural entrances, durable industrial enclosures, or custom solutions for specialized applications, we collaborate with designers, engineers, and project leaders to achieve outstanding results.

Here are some of the industries DAWSON proudly serves:

Architectural

Green Technology

Defense

Transportation

Kiosks

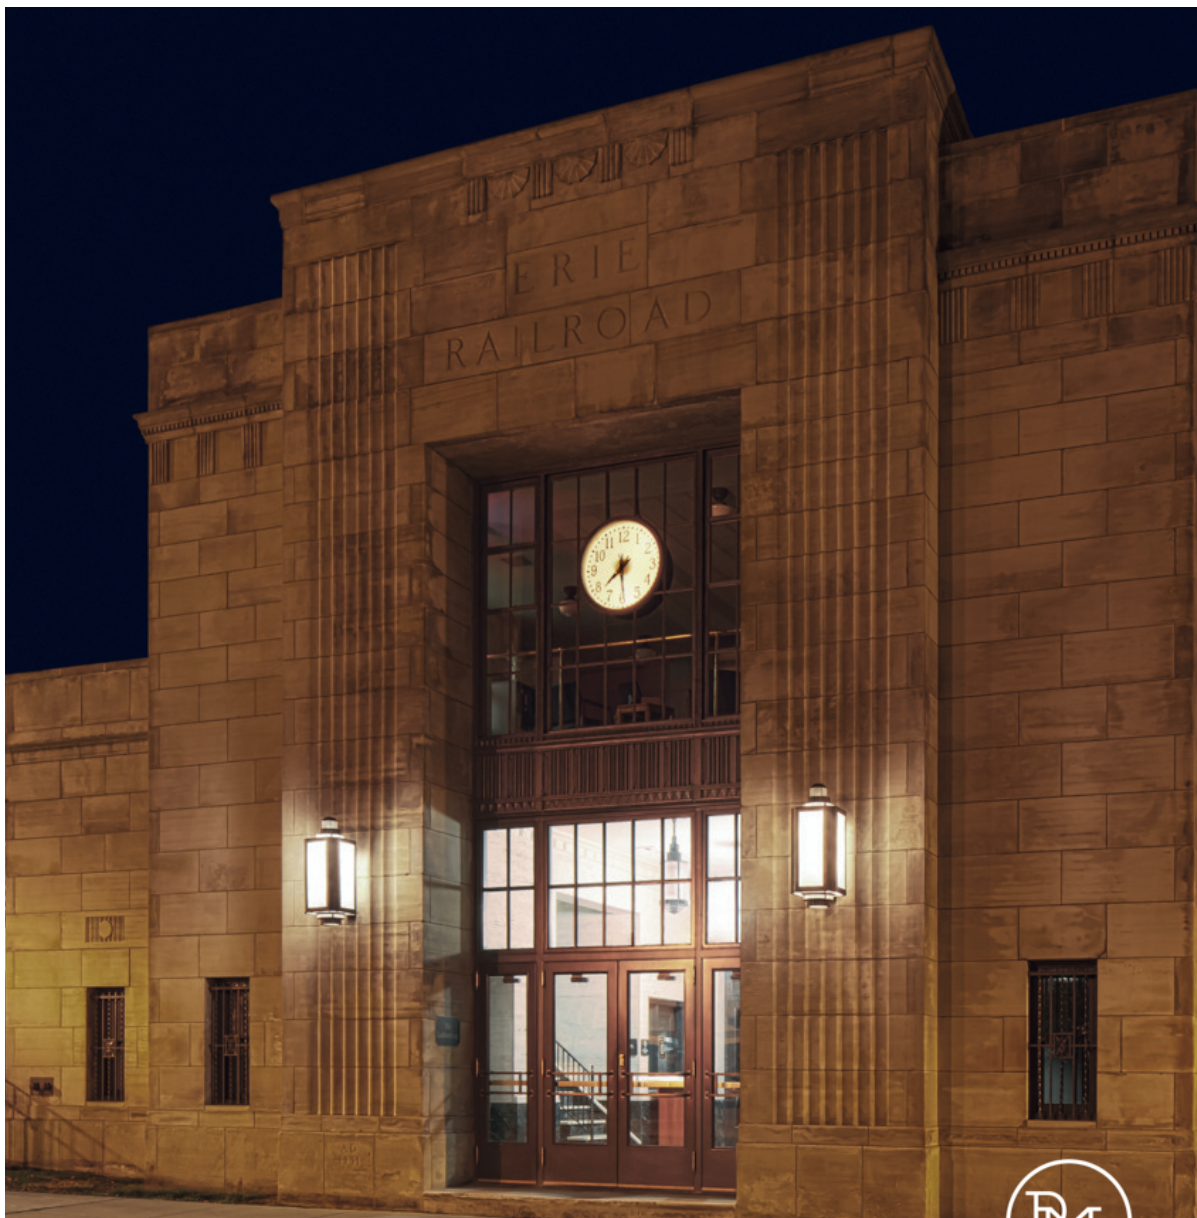

Industrial Cabinets & Enclosures

Medical

Semiconductor

Public Common Areas

# DAWSON

A family-owned and operated business since 1946, Dawson Doors is the leading manufacturer of high quality architectural products offering balanced and standard swing doors and entrances. Our entrances are manufactured from the highest quality stainless steel and bronze materials. We provide exquisite entrances to some of the most prestigious buildings around the country and throughout the world.
