

DAWSON

A PREMIER AMERICAN METAL FABRICATOR SINCE 1946.

ULTRA NARROW STILE SERIES

www.dawsondoors.com

As appealing as our All Glass Door, the Ultra Narrow Stile door incorporates a very narrow vertical sightline, adding to the sophisticated glass door look.

DAWSON

DOOR PRODUCT /

ULTRA NARROW STILE SERIES

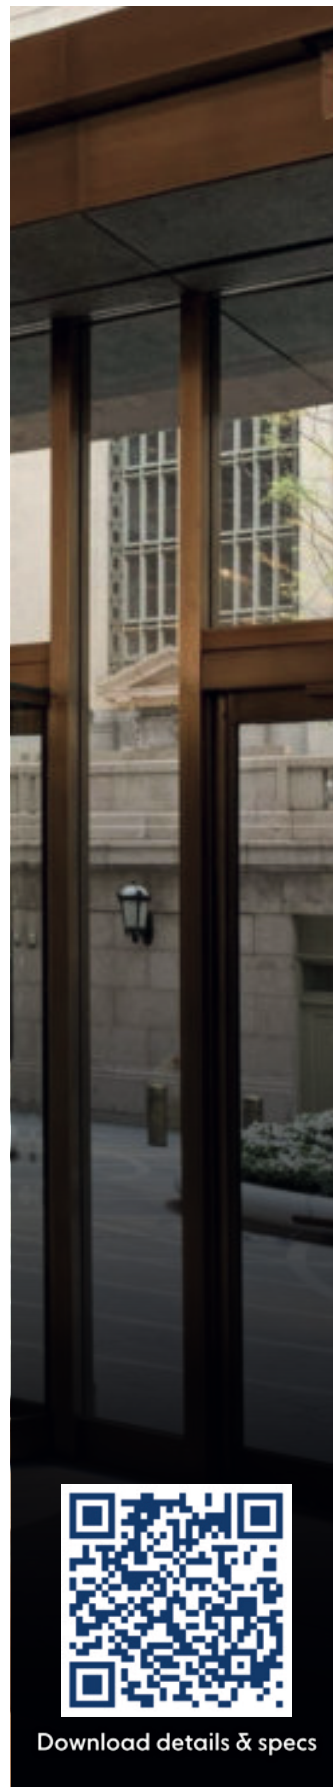

A glass door with style.

Made with tempered glass and narrow vertical stiles for a sleek finish, an Ultra Narrow Stile door incorporates a very narrow vertical sightline, adding to the sophisticated glass door look in DAWSON balanced or center pivoted hardware.

All doors are factory structurally bench glazed monolithic, insulated, or laminated tempered glass for increased door to glass rigidity by DAWSON.

Solid clad Aluminum Ultra-Narrow Stiles enhance the structural integrity of the door and offer full vertical height continuous weather stripping, for years of hassle free operation.

Each project is custom designed and engineered to meet even the most demanding design specifications.

ULTRA NARROW STILE SERIES

KEY FEATURES

OUR QUALITY IS UNMATCHED

Durable, long-lasting doors that you can depend on, with superior manufacturing and material options you're looking for.

CUSTOM CONFIGURATIONS

Choose between a DAWSON balanced or center pivoted design configuration.

CUSTOM DESIGN

We provide complete project flexibility in size, material and look through our talented DAWSON engineers & laser capabilities.

CUSTOM FINISHES

Get the look you want, whether retail, commercial, or residential. From mirror polished, non-directional to painted and any number of satin finishes.

BEST IN-CLASS DESIGN

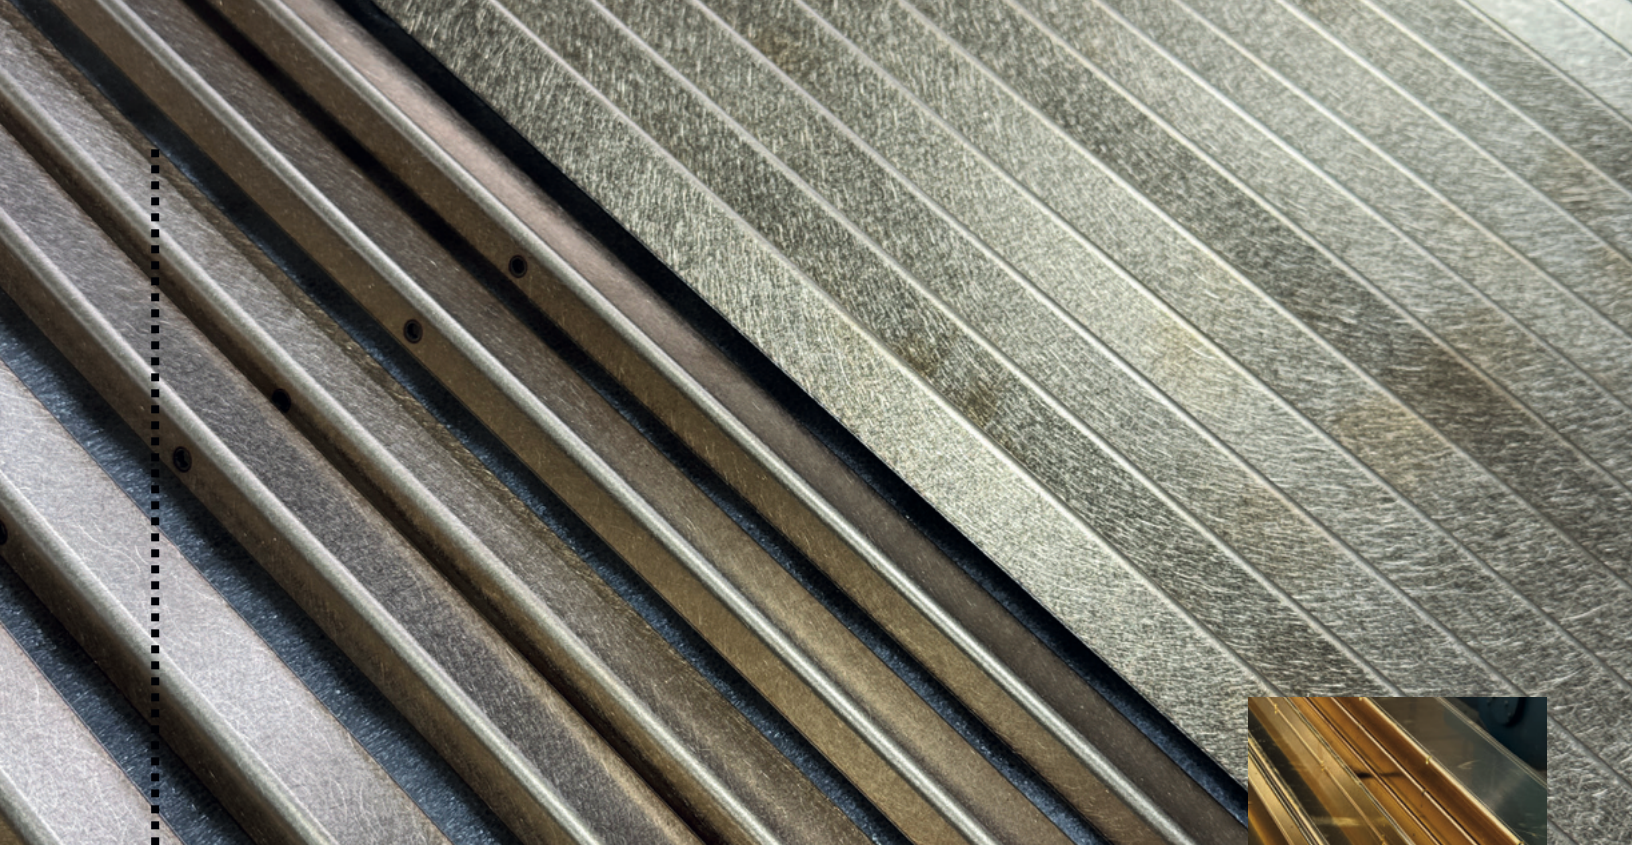

Strong, durable and corrosion-resistant materials protect against all conditions.

WARRANTY UP TO 10 YEARS

DAWSON stands by its quality engineered products and advanced manufacturing processes. The DAWSON Ultra Narrow Stile series ships with up to 10 years of warranty depending on product specifications and hardware application.

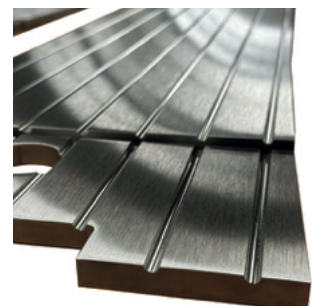

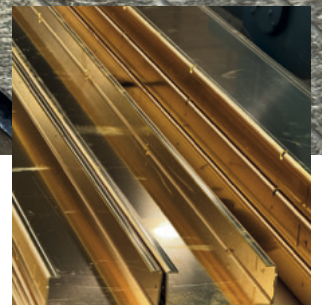

MORE THAN JUST DOORS

Since 1946, DAWSON has been a world leader in sheet metal solutions for the architectural industry. From our first in class thresholds, to custom arched transoms & column covers, we can manufacture anything a project requires.

DAWSON combines decades of technique with the latest technology in order to produce for our customers.

With complex architectural projects, don't settle for limited options — when it comes to your design, DAWSON delivers.

The DAWSON Difference

CUSTOMER COLLABORATION

Dedicated DAWSON engineers enable you to design your entrances with the same style and function as your building.

SUPERIOR DESIGN

Seamless doors with laser-cut pans from single sheets of material. Adjustable balanced options with zero floor prep. Fully assembled doors and frames for quick, hassle-free installation.

LOWER COST

No dissimilar metal reaction costing extra maintenance. With more customization than anyone else, DAWSON can offer options to build your concept to your budget.

MULTIPLE DOOR TYPES & MATERIAL OPTIONS

Material shapes the look and feel of your entrance, which is why we offer more metal and finish options than anyone else. We build to your vision, not limitations.

INDUSTRIES SERVED

At DAWSON, our expertise in sheet metal fabrication and architectural craftsmanship spans across industries, delivering precision, innovation, and quality.

Whether for striking architectural entrances, durable industrial enclosures, or custom solutions for specialized applications, we collaborate with designers, engineers, and project leaders to achieve outstanding results.

Here are some of the industries DAWSON proudly serves:

Architectural

Green Technology

Defense

Transportation

Kiosks

Industrial Cabinets & Enclosures

Medical

Semiconductor

Public Common Areas

DAWSON

A family-owned and operated business since 1946, Dawson Doors is the leading manufacturer of high quality architectural products offering balanced and standard swing doors and entrances. Our entrances are manufactured from the highest quality stainless steel and bronze materials. We provide exquisite entrances to some of the most prestigious buildings around the country and throughout the world.
